Double Espresso Chocolate Cake with Cappuccino Froth

12 - 16 servings

You'll enjoy this decadent cake that pairs chocolate and espresso in one wonderfully moist cake. The flavors are echoed again in the rich chocolate glaze that's very ganache-like, and the espresso-flavored whipped cream that tops it all. It's a no-fail chocolate delight for any occasion.

Cake Ingredients:

1/2 cup boiling water
1/4 cup instant dry espresso powder
1 cup cold water
1/2 cup coffee liquor
1 cup butter, softened
2 cups granulated sugar
4 eggs, room temperature
2 teaspoons vanilla extract
5 ounces unsweetened chocolate, melted and cooled
2 cups all-purpose flour
1/2 teaspoon salt
1 teaspoon baking soda

Ganache Glaze:

7 ounces 65% (or greater) dark chocolate
1/3 softened butter
1 tablespoon light corn syrup

Cappuccino Froth:

1 cup whipping cream
2 tablespoons powdered sugar
2 teaspoons espresso powder
1/2 teaspoon vanilla extract
Chocolate-covered espresso beans (optional garnish)

Cake Instructions:

(1) **PREHEAT** the oven to 350°F. **PREPARE** a Bundt pan by buttering well and dusting with flour, or by spraying with a flour-infused oil baking spray.

(2) **POUR** the boiling water over the espresso powder in a medium bowl and stir until dissolved. Add the 1 cup of cold water, stir again. Add the coffee liquor, stir again, and set aside.

(3) **MELT** the 5 ounces of unsweetened chocolate in a hot water bath (taking care not to allow any water or steam into the melting chocolate), or in a microwave by using 30 second intervals. Allow the chocolate to sit after each interval, then stir and repeat heating for 30 seconds until melted and smooth.

(4) **BEAT** together the softened (room temperature) butter and sugar in a large mixing bowl, or in the bowl of a stand mixer until light and fluffy. (This is where the texture of the cake is formed.)

(5) **ADD** the eggs to the butter-sugar mixture one at a time beating after each addition until incorporated.

(6) **ADD** the melted, yet cooled, chocolate and vanilla extract to the butter-sugar-egg mixture. **BEAT** until combined.

(7) **COMBINE** in a separate medium bowl, the flour, salt, and baking powder. **WHISK** until the dry ingredients are evenly distributed.

(8) **ADD** one-third of the flour mixture to the butter-sugar mixture and **BEAT** on low until combined. **POUR** in one-third of espresso liquid, combine until incorporated.

(9) **REPEAT** with the addition of the second third of the flour, followed by the second third of the liquid. **ADD** the final third of flour and final third of liquid.

(10) **POUR** the batter into the prepared Bundt pan until the batter is approximately one-half inch from the top of the pan.

(11) **BAKE** in the preheated 350°F oven for 45-50 minutes, or until a toothpick or skewer placed in the middle of the cake is removed with out liquid or crumb. Do not overbake.

(12) **COOL** the cake in the pan for 15 minutes, then **INVERT** onto a cooling rack and continue to cool for an hour.

Ganache Glaze Instructions:

(13) **COMBINE** the Ganache Glaze ingredients, chocolate, butter and corn syrup, in a small glass, heatproof bowl. Place the bowl in a saucepan with water. The water should come halfway up the side of the bowl.

(14) **BRING** the water to a simmer. **STIR** the chocolate mixture occasionally as it melts. When the mixture is fully melted and smooth, remove from the water bath.

(15) **DRIZZLE** the ganache-like glaze over the cooled cake. **ALLOW** to cool and the chocolate glaze set.
