

Farro Farm Salad
Makes 8-10 servings

Farro is a lesser known grain, but is well worth becoming acquainted with! The grains are larger than rice and feature a chewy character with a nutty taste. Fresh from the field peas, corn and kale marry perfectly with the farro in this salad. The pistachios offer another layer of nuttiness. The farm-fresh components are wedded together with a mustard vinaigrette that tickles the tastebuds. It's a tasty and colorful addition to the summer dinner table.
