5. Prepare a springform pan by spraying with nonstick baking spray with flour. Cover the bottom of the pan with a piece of parchment paper. Fill the pan with the bread mixture, cover, and refrigerate overnight. If preparing on the same day as baking, cover and refrigerate for at least one hour to allow the moisture to distribute.
6. When ready to bake, preheat the oven to 350°F.
7. Bake the dish uncovered for 35-40 minutes until golden and cooked through.
8. Remove from the pan and place on a serving platter.
9. Sprinkle the eggnog bake with powdered sugar and serve immediately with warm maple syrup and fresh raspberries.
